I was gonna be without a job that I had had for 12 years and my husband said you're gonna be bored I don't care what you do just go be a lunch lady so I looked at this BPS 101 website and there was a lunch lady so I thought why not so I applied and got the job and I've been here ever since and it turned into a full-time job and I have met so many awesome teachers and support staff. Great place to be every day, kids make you laugh every day. We have fun and just watching them grow through the years.
