

TREK for Sixth Graders

Helping your 6th grader address middle school challenges

HOW IS THIS YEAR GOING FOR YOUR 6th GRADER?

Middle School is filled with transitions in social lives, interests, daily routines, and academic expectations. Now that the initial transition to middle school is over, your child may be asking questions such as:

- What can I do so I don't feel so stressed?
- How can I get everything done I need to do?
- What do I do if I mess up on social media?
- How do I figure out where I fit in?

TREK is a fun, engaging workshop with activities and conversations in small groups and pairs to help your child answer these questions and more with strategies to make middle school less stressful. They will also learn more about their own unique qualities and ways to stay true to themselves.

TREK is facilitated by trained professionals and features a Q&A with a panel of high school students. This workshop gives your child the tools to successfully navigate the ups and downs of middle school.
